They captivate with their appearance, aroma, and flavor from the very first glance. If you thought a salad was just a side dish, get ready for a pleasant surprise. Here, the salad is the star of the plate, and the other dishes are simply its perfect companions.

LOCANDA PLATTER (FOR 2-3)

• Chef's Recommendation •

If you're looking for a dish that doesn't just arrive—but arrives with character—LOCANDA PLATTER is a true little feast with a big attitude. This is not just a plate, it's a shared experience on a metal platter: tender beef steak for the serious players, lamb chops for those who know how to enjoy, pork medallions and chicken drumsticks for the "I can't decide" crowd, plus cévapi for the team spirit. And when it all comes together with grilled vegetables, potato petals, and tagliatelle with mushrooms—it creates chaos that makes perfect sense.

FISH

Fish is the voice of the sea on the plate—fresh, light, and simple, just as fish itself would say it should be. It comes straight from the sea, **with no makeup and no filters**, but with plenty of character and even more flavor.

Every bite tastes like the sea, sunshine, and “**just one more piece, just to try.**” A little olive oil, a pinch of seasoning, **and the story is complete—no drama, just pure enjoyment.**
