

At NJV Athens Plaza Hotel we believe that sustainable success can only be achieved through our people. Therefore, we implement continuous efforts to ensure the health and safety of our employees, partners and customers. In this context, we take all necessary actions, with the aim of improving working conditions and supporting the fundamental values of safety, knowledge, integrity and management, in order to avoid any accidents by developing an Occupational Health & Safety Management System according to ISO 45001 with the aim of preventing accidents and protecting employees.

With the development of the Occupational Health and Safety Management System, the management is committed to:

- comply with the law, rules and regulations related to hotel operations and the health and safety of employees,
- identify and assess health and safety risks and take the necessary measures to control them,
- ensure the health and safety of employees, customers, partners and the local community through the prevention of occupational accidents, occupational diseases and the creation of safe and healthy workplaces,
- cultivate a climate of transparency and mutual respect in communication with employees,
- pursue the continuous improvement of the company's performance in matters of Safety and Health at Work and the management system of Health and Safety at Work,
- encourage staff to actively participate in improving working conditions,
- constantly inform and properly train staff on health and safety issues,
- maintain and monitor the safe operation of the health and safety means and facilities,
- provide the necessary resources and support to ensure safe working conditions.

This company policy is published, communicated, implemented and supported by every employee in the company.

The General Manager
