At SeaCrete Hotels we always strive to offer our guests the best possible hospitality service.

We achieve this by demonstrating a high level of responsibility towards people, their health, society and all health and safety procedures on premises.

Health & Safety

In an effort to stop the spread of coronavirus (COVID-19) we will operate with strict health and safety measures:

- By adhering to the guidelines of the **World Health Organization's** and recommendations of the **National Public Health Organization of Greece** <https://eody.gov.gr/>
- Fully complying with the state's directions by applying all **preventative** measures within our Resorts and Hotels.
- Offering guests a safe environment and a **concern-free stay** as soon as our establishments start their operation.
- All hygiene and cleaning are adhered to by **specifically trained personnel** including using **PPE**, handwashing hygiene, cleaning product specifications in guest rooms and common area cleaning procedures.
- **Moderate occupancy** operation to ensure distancing including changed furniture layout in social areas such as pool areas, beach bar and restaurants.
- **Intensified cleaning & disinfection** across all touchpoints & guestrooms.
- Disinfectant dispensers for guests placed in all public areas.
- High standards of **food safety** in buffet and bar areas (HACCP procedures)
- **Doctors on call 24/7** including the provision of a **Public and Private** hospital 20 minutes away from SeaCrete Hotels (<http://www.chaniahospital.gr> & <https://www.iasishospital.gr/el/>)

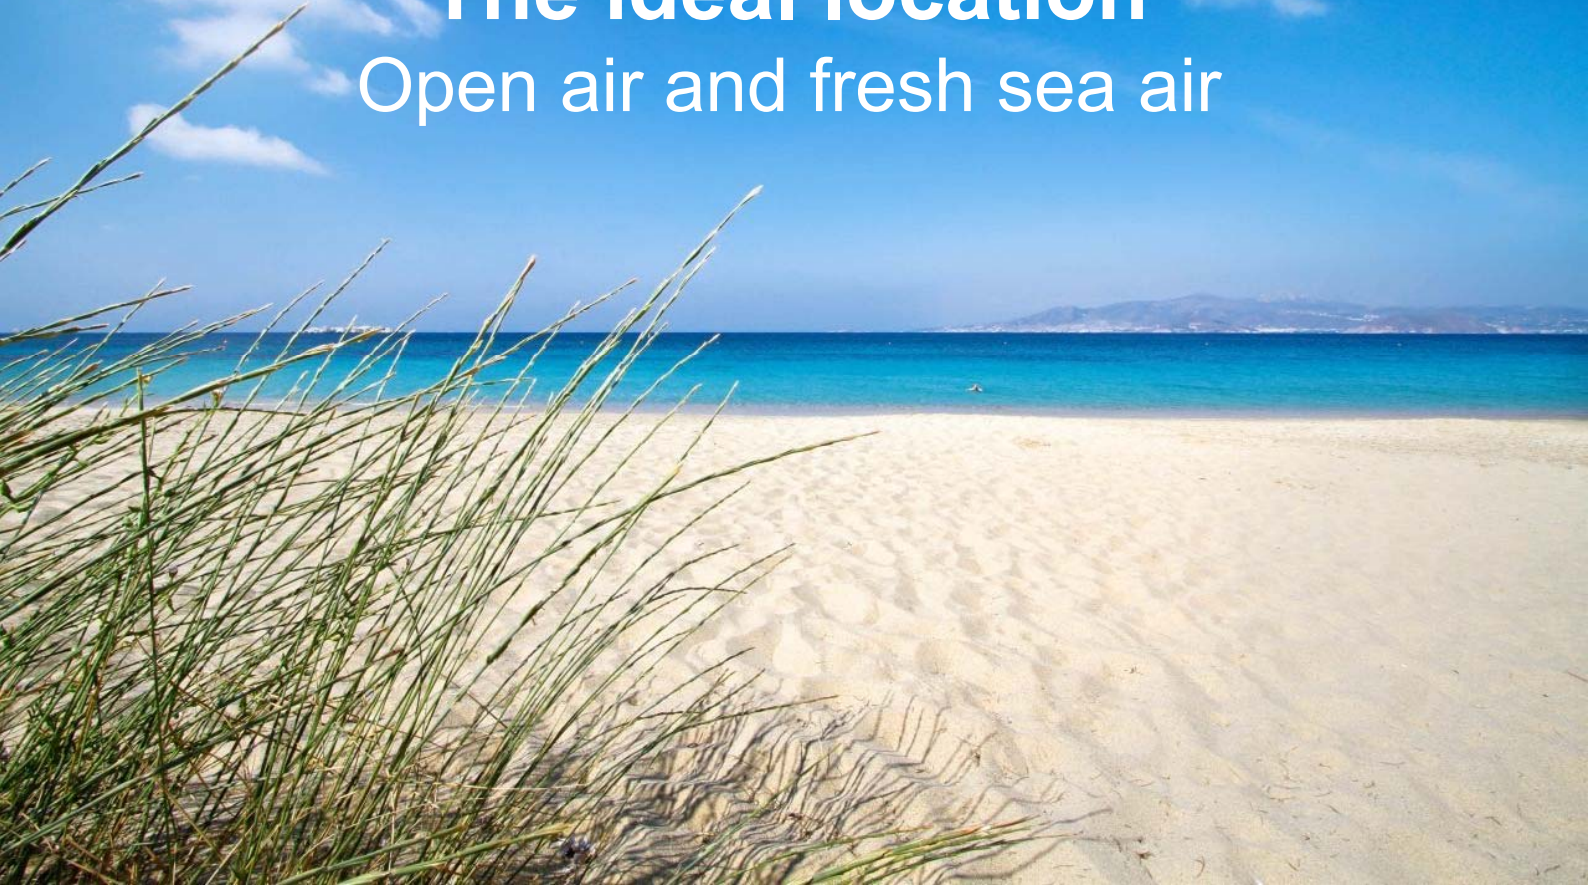

Ensuring safety by amending our infrastructure:

- **Ventilated and open air** rooms (with the option of ceiling fans for circulating fresh air), restaurants and public spaces
- **Touchless equipment**, for switches, lights & sinks in public areas & WCs
- **Sanitizers**, pedal-taps and autonomic sinks at various points
- **Staff training** and adherence of all health and safety procedures including the use of **PPE (Personal Protection Equipment)** like **masks, gloves & face shields**
- **The sanitation of sunbeds** (covers, sprays, staff)
- **Recycling bins with pedal opening mechanism**
- **New check-in and check-out times** to ensure enough time for room cleaning, sanitization and airing to be conducted.
- **Re-customization** of animation's kids club & schedule to ensure social distancing. Indoor play areas and kids rooms will not operate this season
- **The indoor pool** will not operate this season for health and safety reasons.

The ideal location

Open air and fresh sea air

Our location at SeaCrete hotels offer the perfect choice for safe holiday travels as:

- It is close to a local **Public Hospital** (with more than 400 beds capacity) and **Private Health Hospital** (with more than 100 beds capacity). Approximate distance 25 minutes drive:
 - ✓ **Public St George's Hospital:** <http://www.chaniahospital.gr>
 - ✓ **Private Iasis Hospital:** <https://www.iasishospital.gr/el/>
- 20min distance from Chania (CHQ), Daskalogiannis Airport
- In front of a 3km coastline – beach
- In close proximity to many pharmacies in Kalyves village

Now more than ever,

we stay focused on our mission in providing guests & staff a healthy and sanitized environment for all to enjoy.

We ensure the care you would provide for your own family

SAFE & HEALTHY HOLIDAYS
WHILE ON VACATION PLEASE REMAIN RESPONSIBLE

+ WASH YOUR HANDS

Wash your hands with soap and warm water regularly.

+ COVER A COUGH OR SNEEZE

Cover your cough or sneeze with your sleeve, or tissue. Dispose of tissue and wash your hands afterward.

+ DON'T TOUCH

Avoid touching eyes, nose or mouth, especially with unwashed hands.

+ KEEP YOUR DISTANCE

Avoid close contact with people who are sick.

Protect yourself & your loved ones
Help prevent the spread of diseases like COVID-19
